

# DYNA-FLO™

## 3-18-18

### PRODUCT INFORMATION

Dyna-Flo 3-18-18 is a high-purity blend of urea and potassium phosphate that is suitable for foliar applications in most crops. It is compatible with most agro-chemicals, however, a jar compatibility test should be performed prior to mixing and applications of new or unfamiliar combinations. Dyna-Flo 3-18-18 may be used as a soil drench or in transplant water since it has a very low salt index. Dyna-Flo 3-18-18 is non-corrosive and will not plug nozzles or irrigation systems.

### APPLICATION RATES

**Vegetables:** Apply 1-4 quarts per 100 gallons of water in a thorough coverage spray.

**Citrus:** Apply 1-2 gallons per acre in enough water to ensure thorough coverage.

**Turf:** (including Greens and Tees): Apply 4-6 ounces per 1000 sq.ft. in enough water to cover.

### PRECAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use of side-shielded safety glasses is recommended. Use with adequate ventilation. Keep container capped when not in use. Do not contaminate feed, seed or water supplies. Keep away from children. Store or ship undiluted product in polypropylene or fiberglass containers only.

### GUARANTEED ANALYSIS

3-18-18
