

# DYNA-FLO™

## 12•3•6 PLUS

### PRODUCT INFORMATION

Dyna-Flo 12•3•6 Plus is a complete foliar nutritional spray with growth enhancers and natural organic catalytic enzymes. The supplemental N•P•K aids in photosynthesis, enhances root development and improves flowering and fruit set as well as overall quality. Dyna-Flo 12•3•6 Plus increases tolerance to temperature extremes. Humic acid promotes cell elongation. Due to the nature of humic acid, it is advisable to shake well before each use.

### CROP RECOMMENDATIONS

**Row Crops:** Apply 2-4 quarts per acre per application in enough water to cover.

**Ornamentals:** Apply 1-2 quarts per 100 gallons water

**Vegetables:** Apply 2-4 quarts per acre with additional applications at 1-4 quarts per acre.

**Small Fruits:** Blueberries, grapes, raspberries, strawberries: Initial application at 2 quarts per acre with weekly applications of 1-4 quarts per acre.

### DIRECTIONS FOR USE

**Shake Well Before Each Use** – Dyna-Flo 12•3•6 Plus will act as a buffering agent (lower water pH) if added to spray tank prior to adding other materials. For dilute ground application, use adequate water to ensure thorough coverage. Concentrate ground application: use minimum 20 gallons water per acre. Air application: apply recommended rate in at least 5 gallons of water per acre. More water will give better coverage. The addition of a non-ionic surfactant will aid in more uniform coverage and uptake. A jar compatibility test should be performed prior to mixing and application of new or unfamiliar combinations.

### PRECAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use of side-shielded safety glasses is recommended. Use with adequate ventilation. Keep container capped when not in use. Do not contaminate feed, seed or water supplies. Keep away from children. NOTE: Avoid spraying on concrete or painted surfaces as staining may occur.

### FIRST AID

**Skin:** Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

**Eyes:** Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

**Internal:** Drink 2 glasses of water. **DO NOT INDUCE VOMITING.** Seek medical attention at once.

### CONTAINER DISPOSAL

Triple rinse empty containers and offer for recycling or dispose of in accordance with federal, state and local authorities.

### GUARANTEED ANALYSIS
