

PRODUCT INFORMATION

DynaZone® N28 is a foliar liquid, Nitrogen fertilizer that contains triazone, a patented controlled release nitrogen that is non-phytotoxic. DynaZone is compatible with most pesticides and most other chemicals. It is excellent in heavily used turf grass areas and will provide both readily available and controlled release nitrogen for a more uniform turf color and growth pattern. DynaZone N28 may be applied as a concentrate or dilute solution as a foliar spray or through irrigation systems. DynaZone can be applied anytime during the growing season and applications may be repeated at 7-10 day intervals at low rates of Nitrogen per 1000 sq. ft.

CROP RECOMMENDATIONS

DynaZone N28 is recommended for the following crops to prevent Nitrogen deficiencies and maximize yields: alfalfa, almonds, avocados, apples, barley, beans, broccoli, cabbage, cauliflower, carrots, celery, citrus, corn, cotton, cucumbers, eggplant, grapes, lettuce, milo, melons, rice, pears, pecans, peppers, potatoes, peanuts, strawberries, tomatoes, turf, turnips, and wheat.

Citrus: Apply 1-2 gallons per acre.

Trees & Ornamentals: Apply 2-3 quarts in enough water to ensure thorough coverage.

Vegetables: Apply 2 quarts per acre in enough water to ensure thorough coverage. Low volume sprays should give the best results.

Small fruit: blueberries, grapes, raspberries—Start initial application at early leaf stage at 2-4 quarts in enough water to cover. Apply weekly as needed.

Turf: Apply 4.3 oz. per 1000 sq. ft. in 2 to 4 gallons of water or in enough water to cover.

T-boxes and Greens: Apply 8.5 oz. per 1000 sq. ft. in 2 to 4 gallons of water or in enough water to cover.

DIRECTIONS FOR USE

DynaZone may be applied as an undiluted spray or mixed with water where spray equipment requires more volume. Avoid high spray volumes (generally over 25 gallons per acre) where possible because of excessive run-off. DynaZone has a pH of 9.5 and could keep spray water pH at or above 7. When adding pHylo™ or other acidifying agents to your tank, apply within 8 hours as the stability of the DynaZone could be affected. Nitrogen rates of 0.1 to 0.8 pounds/1000 sq. ft. are suggested depending on the frequency of application, turf traffic, turf species and season. For general conditions use; 0.1 to 0.4 lbs. of N for frequent applications (1 to 2 weeks) or 0.5 to 0.8 lbs. of N for less frequent applications (3 to 4 weeks).

GUARANTEED ANALYSIS

Total Nitrogen (N) 28.00%

7.90% Urea Nitrogen (N)

20.10% Other Water Soluble Organic* Nitrogen (N)

*This product contains 20.1 units of slow-release nitrogen from urea-triazone. Derived from: Urea and urea triazone.

PRECAUTIONS

- DynaZone®** is compatible with most crop protection chemicals, micronutrients and growth regulators.
- An exception is Sevin 80 Sprayable.
- A jar test to check the compatibilities of unfamiliar or new combinations should be performed prior to mixing and application.

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. **KEEP OUT OF REACH OF CHILDREN.** Do not contaminate feed, seed or water supplies. The use of side-shielded safety glasses is recommended.

FIRST AID

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. **DO NOT INDUCE VOMITING.** Seek medical attention at once.

CONTAINER DISPOSAL

Triple rinse empty containers and offer for recycling or dispose of in accordance with federal, state and local authorities.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within Thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery.

THE SELLER'S LIABILITY UNDER THIS WARRANTY IS LIMITED IN AMOUNT TO THE PURCHASE PRICE OF THE PRODUCT. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THIS STATEMENT.
