SAFETY DATA SHEET

Dyna BorN Date Prepared: 11/24/2014 Replaces: All Previous

SECTION 1. IDENTIFICATION

Product Name: Dyna BorN Synonyms: GOLDBOY

Use: Agricultural, Liquid Micronutrient Fertilizer

Manufacturer: Chemical Dynamics, Inc.

4206 Business Lane Plant City FL 33566

Phone: 813-752-4950 Chemtrec (Emergency) Phone: 800-424-9300

SECTION 2. HAZARDS IDENTIFICATION

Product is not classified as hazardous under normal conditions

SECTION 3. COMPOSITION		
CAS#	EINECS #	%WT
57-13-6	200-315-5	Proprietary Blend Of
62185-81-3	263-449-3	Materials Not Classified
7732-18-5	231-791-2	as Hazardous
	CAS # 57-13-6 62185-81-3	CAS # EINECS # 57-13-6 200-315-5 62185-81-3 263-449-3

^{* =} complex reaction products

See product label for guaranteed analysis.

	SECTION 4. FIRST AID MEASURES
General:	No specific acute or chromic health effects known. In case of persisting adverse
	effects consult a physician. Treat symptomatically.
Ingestion:	Drink large amounts of water. Do not induce vomiting. Call doctor or poison
	control center.
Skin Contact:	If on skin (or hair): Take off all contaminated clothing and wash exposed skin with
	soap and water. If irritation persists, seek medical attention.
Inhalation:	If inhaled: Remove person to fresh air and keep comfortable for breathing. Provide
	artificial respiration if necessary. May cause respiratory tract irritation. Seek
	medical attention if necessary.
Eye Contact:	Rinse cautiously with water for several minutes. Remove contact lenses if present
	and easy to do. Continue rinsing. If eye irritation persists: get medical attention.
Acute Exposure	May cause slight, transient irritation of eyes and skin. Ingestion may irritate
Symptoms:	gastrointestinal tract.
Chronic Exposure	No specific chromic health effects known.
Symptoms:	

	SECTION 5. FIRE FIGHTING MEASURES
Extinguishing	This product is non-flammable. Use appropriate media for surrounding fire. Cool
Media:	containers with water spray to avoid rupture due to thermal expansion.
Specific Hazards:	This product is an aqueous mixture and is not flammable. If material is exposed to
	prolonged heat in a fire, material may release ammonia, oxides of carbon,
	nitrogen, and boron. May be combustible if evaporated to dryness.
	For safety, avoid water spray with full jet to prevent spread of product.
Protective	Wear self-contained breathing apparatus (SCBA) and full protective gear. Avoid
Equipment and	inhaling combustion products.
Precautions for	Fire run-off should be contained to prevent possible environmental damage.
Fire-Fighters:	
NFPA Rating:	Health: 1, Fire: 0, Reactivity: 0

	SECTION 6. ACCIDENTAL RELEASE MEASURES
Precautions:	Isolate area. Keep unnecessary personnel away. Avoid splashing or spraying. Do no
	touch or walk through spilled material.
Protective	Impervious gloves (rubber, neoprene or nitrile), chemical resistant suit,
Equipment:	Chemical splash-proof goggles, face shield.
	Chemical resistant apron and/or rubber boots may be needed. Use NIOSH
	approved respirator if vapors or mists exceed applicable concentration limits.
Containment:	Stop flow of material if safe to do so. Dike area with diatomaceous earth or sand
	and maximize recovery. Prevent spillage from entering drains or open bodies of
	water. Any release to the environment may be subject to reporting requirements.
Clean Up:	Pump into a suitable tank or absorb with diatomaceous earth or sand. Residue can
	be neutralized slowly with lime. Recover and dispose of residue. Sweep up and
	place into suitable containers for agronomical land application at recommended
	rates or dispose of in accordance with local/regional/national regulations (See
	Section 13 of SDS).

	SECTION 7. HANDLING AND STORAGE
Precautions for safe handling:	Open containers carefully. Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. Do not eat, drink or use tobacco products when handling this material. Apply product in open areas. Keep away from children and pets. Do not contaminate feed, seed or any water sources. Launder work clothes frequently and separate from other laundry.
Conditions for	Store in a well-ventilated, cool, dry place, away from sources of intense heat, or
safe storage:	where freezing is possible. Keep away from incompatible materials. Large storage tanks should have secondary containment and electrically grounded. Polyethylene, polypropylene and stainless steel are acceptable materials for storage containers. Ensure that all pumps, valves, meters, gaskets, etc., are of compatible materials. Keep containers tightly closed when not in use. Inspect all incoming containers before storage, to ensure containers are properly labeled and not damaged.
Incompatibilities:	This product can react with strong reducing or oxidizing agents. May react violently
	with acids and with (some) bases.

SDS: Dyna BorN Chemical Dynamics, Inc.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION			
Component	Urea	Not Established	PEL, OSHA
Exposure Limits:		10 mg/m ³	TWA, ACGIH
		Not Established	IDLH, NIOSH
		Not Established	REL, NIOSH
		Not Established	STEL, NIOSH
		Not Established	PEL, OSHA
	Boron Alkoxy Esters	Not Established	PEL, OSHA
		Not Established	STEL, OSHA
		Not Established	TLV, ACGIH
		Not Established	IDLH, NIOSH
		Not Established	REL, NIOSH
		Not Established	STEL, NIOSH
Engineering	Provide local exhaust ventilation and wash facilities. Eye wash stations and safety		
Controls:	showers recommended.		
Personal	Eyes: Chemical splash-proof goggles and face shield		
Protective	Skin: Impervious gloves (rubber, neoprene or nitrile), long sleeved clothing.		
Equipment:	Chemically resistant apron is recommended.		
	Respiratory: None required for ambient air concentrations (i.e. in the open under		
	normal agronomic conditions) not exceeding occupational exposure limits.		
	Respiratory protection may be required in the event of a spill in an enclosed area.		
	Wear NIOSH approved respiratory protective equipment when vapor or mists may		
	exist as well as a chemical suit.		

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES			
Appearance:	Clear, blue liquid		
Odor:	None	UEL / LEL:	Not Applicable
Odor Threshold:	Not Available	Vapor Pressure:	Not Available
pH:	6.6 to 7.6	Density:	1.14 to 1.16 g/cm ³
Melting/Freezing Point:	< 0°C (32°F)	Solubility:	Water
Boiling Point:	>100°C (212°F)	Logow:	Not Available
Flash Point:	Not Applicable	Auto Ignition Temp:	Not Applicable
Evaporation Rate:	Similar to water	Decomposition Temp:	Not Available
Flammability (Solid/Gas):	Not Applicable	Viscosity	Not Available

SECTION 10. STABILITY AND REACTIVITY		
Reactivity:	Stable.	
Chemical Stability:	Stable under normal conditions. May be combustible if evaporated to	
	dryness	
Possibility of Hazardous	Hazardous polymerization will not occur.	
Reactions:		
Conditions to avoid:	High temperatures. Heating can evolve irritating and toxic nitrogen oxides	
	and ammonia, particularly if heated to decomposition.	
Incompatible Materials:	This product can react with strong reducing or oxidizing agents.	
Hazardous	Carbon dioxide, oxides of nitrogen, ammonia and oxides of boron	
Decomposition Products:		

SECTION 11. TOXILOGICAL INFORMATION		
Acute Toxicity:	Urea: LD50 oral (rat): > 2000 mg/kg	
	Boron Alkoxy Ester: Not Available	
Likely Routes of	Inhalation of mist, eye, and skin contact.	
Exposure:		
Symptoms and Signs of	Eyes: May cause temporary eye irritation. May cause redness and pain.	
Exposure:	Skin: Low skin irritation potential. May cause slight skin irritation.	
	Inhalation: Repeated or prolonged inhalation of mists may lead to	
	respiratory irritation.	
	Ingestion: May cause digestive tract irritation, with accompanying nausea,	
	vomiting and diarrhea.	
Chronic Effects:	No specific chromic health effects known.	
Carcinogenetic:	None of this product's components are listed by ACGIH, OSHA, IARC, NIOSH,	
	NTP or California Prop 65 as carcinogenic.	
Mutagenicity:	Not Classified	
Reproductive Toxicity:	Not Classified	

SECTION 12. ECOLOGICAL INFORMATION		
Ecotoxicity:	May be harmful to fish, livestock and wildlife. Non-persistent and non-	
	cumulative when properly applied agronomically.	
Other Adverse Effects:	Not harmful to ozone layer	
Ecotoxicity:	Urea:	
	LC50 (24 hr) Daphnia magna (Water flea): > 10000 mg/L.	
	Freshwater; static	
	LC50 – Poecilia retiulata (guppy): 17,500 mg/L for 96 hrs	
	Alkoxy Borate Esters:	
	Not Available	

SDS: Dyna BorN Chemical Dynamics, Inc.

SECTION 13. DISPOSAL CONSIDERATIONS		
General Information:	None	
Disposal Instructions:	Agronomical land application at recommended rates or dispose of in accordance with local/regional/national regulations. Container contents should be completely used and the containers rinsed prior to discard. Rinsate should be treated as a corrosive material. Dispose of in accordance with product characteristics at time of disposal.	

SECTION 14. TRANSPORT INFORMATION		
This material is not hazardous as defined by 49 CFR 172.101 by the US Department of Transportation		
Proper Shipping Name:	Not Applicable	
Hazard Class:	Not Applicable	
UN Identification #:	Not Applicable	
Packing Group:	Not Applicable	
Required Label(s):	Not Applicable	
Emergency Response	Not Applicable	
Guide Number:		
Marine Pollutant:	No	
	SECTION 15. REGULATORY INFORMATION	
TSCA Inventory Status	All intentional ingredients listed on the TSCA inventory.	
DSCL (EEC) Status	All intentional ingredients listed on the DSCL inventory.	
United States – SARA	No chemicals in this material have hazard classifications under SARA Title	
Hazard Category:	III, Sec 311 and 312	
SARA Title III	This product contains the following substances subject to the reporting	
Information:	requirements of Title III (EPCRA) of the Superfund Amendments and	
	Reauthorization Act of 1986 and 40 CFR Part 372:	
Urea CAS No. 57-13-6,	CERCLA RQ (pounds): No	
Alkoxy Borate Esters, CAS	SARA Reporting, 302: No	
No. 94095-04-2	SARA Reporting, 304: No	
	SARA Reporting, 313: No	
Federal Insecticide,	This product is not a pesticide.	
Fungicide, and		
Rodenticide Act		
State Regulations:	Other state regulations may apply. Check individual state requirements.	

SDS: Dyna BorN Chemical Dynamics, Inc.

SECTION 16. OTHER INFORMATION

Date of Revision:	11/24/2014, revision prepared in accordance with 29 CFR 1910.1200
	Appendix D to meet Global Harmonization Standards.
Disclaimer:	The information contained in this SDS refers only to the specific material
	designated and does not relate to any process or use with any other
	materials. This information is based on data believed to be accurate and
	reliable as of the date hereof. It is intended for use by persons possessing
	technical knowledge at their own discretion and risk. Because safety
	standards and regulations are subject to change and because Chemical
	Dynamics, Inc. has no continuing control over the material, those handling,
	storing or using the material should satisfy themselves that they have
	current information regarding the particular way the material is handled,
	stored or used and that the same is done in accordance with federal, state
	and local law. No warranty, expressed or implied, and no liability is assumed
	by Chemical Dynamics, Inc. in conjunction with the use of this information.
	Nothing herein is to be construed as a recommendation to infringe any
	patents.
