

Soar

CITRUS MIX

PRODUCT INFORMATION

Soar Citrus Mix is a balanced combination of chelated micronutrients, *Ascophylum nodosum* (seaweed), humic and fulvic acids that activate the production of beneficial enzymes and catalysts within the plant. These biologically active seaweed based compounds aid in breaking down complex starch molecules (oligosaccharins) providing more available energy to be used in active transport and absorption of minerals. High quality humic and fulvic acids have also been added to the blend to optimize the assimilation and translocation of nutrients. This synergistic mix has been specially formulated to correct and prevent mineral deficiencies and enhance plant growth, especially during periods of environmental stress. Plant response to this next generation of biostimulant nutritional chemistry can result in increased uptake of nutrients for higher marketable yields on most crops.

CROP RECOMMENDATIONS

Citrus: Apply **Soar Citrus Mix** in the post-bloom application at a rate of 2 to 4 quarts per acre in enough water to cover. Repeat in the summer oil spray at 2 to 4 quarts per acre in enough water to cover.

Other tropical and deciduous fruits (including starfruit, mangos, avocados, apples, pears, grapes, etc.): Apply 2 to 4 quarts per acre in the late bloom at petal fall stage and again in the late spring or early summer spray at 2 to 4 quarts per acre in enough water to cover.

Young trees: Apply 1 to 2 quarts per 100 gallons of water as a thorough coverage spray.

GUARANTEED ANALYSIS

Magnesium (Mg)	0.50%
0.50% Chelated Magnesium (Mg)	
Iron (Fe)	0.50%
0.50% Chelated Iron (Fe)	
Manganese (Mn)	4.00%
4.00% Chelated Manganese (Mn)	
Zinc (Zn)	4.25%
4.25% Chelated Zinc (Zn)	

Derived from: Magnesium glucoheptonate, Manganese glucoheptonate, Iron glucoheptonate, Zinc glucoheptonate and Ascophylum nodosum.

Non-Plant Food Ingredients:

Humic Acid	0.50%
Fulvic Acid	0.20%

Derived from: Processed Leonardite shale.

DIRECTIONS FOR USE

Soar Citrus Mix should be applied in enough water to allow for thorough coverage.

1. Do not mix with foliar or ground applied liquid fertilizers containing polyphosphates.
2. A jar-test to check the compatibilities of unfamiliar or new combinations should be performed prior mixing and application.
3. Aerial Application: Apply the recommended rate in adequate water to ensure proper mixing and coverage. The addition of a non-ionic surfactant will improve coverage.
4. Total maximum of 4 gallons per acre per growing season.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal law and that they conform to the label description. Any nonconformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. THE SELLER'S LIABILITY ON THIS WARRANTY IS LIMITED IN AMOUNT TO THE PURCHASE PRICE OF THE PRODUCT. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THIS STATEMENT.

WARNING

May intensify fire; oxidizer
Causes skin irritation; Causes serious eye irritation

May be corrosive to metals

May cause damage to central nervous system and lungs through prolonged or repeat exposure

Prevention: Keep away from heat. Store away from clothing and combustible materials. Take any precaution to avoid mixing with combustibles. Wear protective gloves, chemical splash proof goggles and face protection. Do not breathe vapors, mists or sprays. Use only outdoors or in a well-ventilated area. Wash thoroughly after use. Do not eat/drink/smoke when using this product. Keep only in original container.

Response: If swallowed: Rinse mouth, Do NOT induce vomiting. Immediately call doctor or poison control.

Continued...

If on skin: Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. If skin irritation occurs: Get medical attention.

If inhaled: Remove person to fresh air and keep comfortable for breathing. Call doctor or poison control if you feel unwell.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. If eye irritation persists, get medical attention. Get medical advice/attention if you feel unwell.

Absorb spillage to prevent material damage.
Storage: Store locked up. Store in a well-ventilated place. Keep container tightly closed. Store in corrosive resistant containers (polyethylene, polypropylene - See Section 7 of SDS).

Disposal: Dispose of contents/containers in accordance with local/regional/national regulations (See Section 13 of SDS). Containers may be triple rinsed and offered for recycling.

Keep away from children. Do not contaminate feed, seed or water supplies. Use only outdoors or in a well-ventilated area. Avoid spraying on concrete or painted surfaces as staining may occur.
